### Support, security and livelihood for members from the Industrial Union and A-kassa

Starting on January 1, 2022, the Unemployment Fund of Finnish Industrial Workers, the Unemployment Fund of the Construction Sector and the Unemployment Fund Finka are merging to form the new Open Unemployment Fund A-kassa. As a result, members of the Industrial Union will receive increasingly better service.

**The establishment of the A-kassa does not require any action** from current members of the founding funds.

Members of the Industrial Union do not have to take any action and the membership will automatically transfer to the new fund on January 1, 2022. The membership subscription of the unemployment fund is a part of the membership subscription of the Industrial Union and the fee will decrease to one percent in 2022.

The A-kassa is one of the largest unemployment funds in Finland which enables more secure operations and the development of new services.
