BULLETIN BOARD

The union's membership subscription fell to one per cent!

In 2022, the Industrial Union's membership subscription is exactly one per cent of the member's taxable salary/wages. This means even more value for your subscription, as the union's monetary membership benefits remain unchanged.

Examples of benefits:

- Union membership protects you both when you are working and in case of unemployment: as a member of the union, you are also a member of the Open Unemployment Fund A-kassa.
- The union's holiday homes around Finland are available to you at affordable membership prices.
- When employment situations change, the Työtori employment service and Duunivalmennus coaching service are there to help you.
- You are entitled to Turva member insurance policy benefits.
