

THE EMPLOYEES OF THIS COMPANY ARE ON STRIKE

Feb 1 – 3, 2023

The Industrial Union of Finland went on strike at this enterprise.

All shifts according to the timesheet from 00:00 a.m. on February 1 to 11:59 p.m. on February 3 are cancelled. Because of the employer's unwillingness to reach an adequate agreement on working conditions, the Industrial Union was forced to accelerate the process of finding a solution through labor confrontation.

The strike covers all types of work included in collective bargaining agreements, regardless of the employee's position or whether he or she is a member of the Industrial Union.

No production shall be carried out during a strike. If the technology requires production to be stopped, such a stop must be carried out before the strike begins and then restarted after the strike ends.

A strike is a legal measure of labor confrontation, and the employer has no right to interfere. For example, he cannot prevent workers from leaving the workplace, or blackmail or threaten to punish them.

For more information, please contact the trade union's shop steward or call the union's labor relations help desk, tel. 020 690 447 on weekdays from 8:30 a.m. to 3 p.m., or e-mail lakkopaivystys@teollisuusliitto.fi.

Strike compensation will be paid to members of the Industrial Union who joined no later than January 27, 2023.
